

SystemManager::generateProcess
Instances

```
graph LR; A[SystemManager::generateProcessInstances] --> B[Process::setLoad]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is white with a black border and contains the text 'SystemManager::generateProcessInstances' on two lines. The right box is gray with a black border and contains the text 'Process::setLoad' on one line. A blue arrow points from the right side of the left box to the left side of the right box.

Process::setLoad
